CERTIFICATE OF ANALYSIS No. 189211

Ref. : Calcium chloride prills
Marked : Calcium Chloride Prills 94/96%
CACL-G-94-0080-MA
Received on : 23.09.2009 by : handed over to us
Packing : plastic container
Type of sealing : none
Start/end of analysis : 28.09.2009 / 01.10.2009

Analysis as per Directive 2008/84/EC:

Identification	:	passes test
Solubility	:	slightly soluble in water and ethanol
Magnesium and alkali metals	% w/w :	<5
Loss on drying (Ph. Eur., method 2.2.32)	% w/w :	<0.01
Fluorine	ppm :	30
Arsenic	ppm :	<3
Lead	ppm :	<10
Mercury	ppm :	<1
Assay (calculated on the dried basis)	% w/w :	93.8

With regard to the analysed parameters the tested sample material meets the respective requirements of directive 2008/84/EC.

The analysis results are representing only the tested sample material. This report may only be copied completely. A partly usage of this report is not allowed without our permission. The samples will be stored at our laboratory for 3 month. DAR marked methods are accredited testing procedures.
